The Board of Selectmen,
Francestown, New Hampshire:

Pursuant to Article No. 7 in the Town Warrant of March 1949 the Road Committee thus appointed begs to report at this late date:

The suggestion of a road committee proposed during the meetings of the Budget Committee was justified by the action of the Town Meeting as follows:

1) An increase from $1500 to $2000 for Summer roads.
2) The appropriation of $500 for brush cutting.
3) The election of a new Road Agent.

We feel strongly that due to heavy automobile traffic any newly gravelled road should be preserved by topping with tar, asphalt, or oil; as the Selectmen in conjunction with the State Highway Department decide.

We believe that in the future all new construction should start from the center of town out toward the boundaries.

There are some short pieces of road now classed as No. 5 which are not maintained. These might be re-classified as No. 6, and the money allowed by the State applied to our real class No. 5 roads.

Close cooperation between the Selectmen and the State Highway Commission might enable us to complete our undertakings more effectively.

While the Road Agent is elected, he is responsible to the Selectmen, and we feel that in matters of administration their decision is final.

Respectfully yours,
GEORGE E. KINHARDT.

Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depositary banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the collector's records.

GENERAL COMMENTS

Tax Collector:

The excess credit of $42.89 in the Collector's 1948 tax warrant account (Exhibit C-1), was due to the fact that the Collector remitted his tax sales costs and fees to the Treasurer the amount of which was credited against taxes. Inasmuch as the Collector is entitled to such fees a check should be issued to him by the town covering this item of $42.89.

The Collector should make a remittance to the Treasurer covering 1947 taxes collected as follows:

Property Taxes	$8.44
Poll Taxes	14.00
Interest	.09
Total	$22.53

This represents cash in hands of the Collector December 31, 1949 and also on December 31, 1948.

In our two previous reports we recommended that tax deeds should be given to the town by the Collector on property in cases where the two year redemption period had ex-

pired. It was also recommended that the uncollected lists on account of tax levies prior to 1947 be carefully examined by the Board of Selectmen and the Collector and abatements made in cases where such taxes appeared to be uncollectible. We again call your attention to these matters and suggest that they receive your early consideration.

Conclusion:

With exceptions as herein noted, the accounts and records of all town officials which we examined were found in good condition and the accounting procedure conformed to the uniform system prescribed by this Division.

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report.

We extend our thanks to the officials of the Town of Francestown for their assistance during the course of the audit.

Yours very truly,
HAROLD G. FOWLER,
Director.

LILLIAN C. STEWART,

Auditor's Certificate

For the School Year Ending June 30, 1949

This is to certify that I have examined the accounts of the Francestown School Board and District Treasurer and find them correct, with the following exceptions. The manner in which entries are made in the records does not present a clear picture to the voters. The records show all bills paid as of June 30, 1949 which is incorrect, as I find that when all sums available for the support of schools for the year ending June 30, 1949, were expended, there were still outstanding bills amounting to ($340.27) and therefore a deficiency of that amount.

On July 2, 1949, the Selectmen issued a check for ($350.00) acct. of the 1949-50 appropriation. This was entered in the school records in two sums, ($340.27) as received June 30, 1949 and ($9.73) as of July/49.

This does not compare with the records of the Selectmen, Town Treasurer or date of issue of the check.

Respectfully submitted,

LEON E. HOYT,

Auditor.

REPORT OF SCHOOL SUPERINTENDENT

To the School Board and Citizens of Francestown:

I respectfully submit my third annual report as your Superintendent of Schools.

I am pleased to report that the Francestown schools are making excellent progress under the very capable direction and instruction of Mr. Alfred Thomas and Mrs. Gladys Burke. The same standards of high morale that were exhibited last year are being maintained.

Every effort has been made to make the Francestown School a Community School in which the parents as well as the children may share experiences and contribute to the total educational development of the community.

Many projects have been undertaken, that have received the generous support of the Parent Teachers Association, Public Library and the local Chapter of the American Red Cross. Among these are: the dental clinic, where much time and effort was expended by the parents in providing transportation to and from Peterborough; the school lunch program; renovation of the school basement to provide a more attractive and comfortable place for school activities as well as community meetings; the excellent cooperation given by the Public Library in providing books and assisting in the library program of the school.

Miss Kuhnhardt is still assisting us with our art program and doing a very fine piece of work.

Miss Ethelyn Edwards is doing a very capable job of directing the musical education of the young people.

I wish to commend Mrs. Ola Myhaver, school nurse, for

the great amount of work she has done on behalf of the children of Francestown. Her report indicates the large number of services she has rendered the town.

Instruction

Two years ago a new spelling program was introduced into the school. It is a departure from the traditional learning of lists of words and new emphasis is placed upon word analysis and the use of words in paragraphs. A decided improvement is being made in this area.

This year, we put in a new social studies program in grades 7 & 8 supplanting one that was using books printed in 1928 and 1935. More emphasis is being placed upon social movements and the working world. History is no longer a study of dates but rather a study of movements that are directly related to comtemporary living.

The visual education program has done much to stimulate learning. By the use of sound films we are bringing into the classroom, experiences that many of the young children would not have an opportunity to live.

Our testing program is set up to assist the teachers in determining the abilities of pupils, and their strengths and weaknesses. Intelligence tests are given each year in grades three, six and eight. Achievement tests are given to all grades in May and as frequently during the year as the need arises. Thus, we are able to determine the success of our methods of instruction and to revise them to fit the individual needs of the children.

Transportation

A year ago the question was raised as to whether or not the school district should purchase and operate its own bus. It was requested that a report be submitted this year as to the changes that have been made. The School Board was able to enter into contracts with bus operators at a saving of approximately $200 to the district.

A recapitulation of the figures used last year, which would appear to be the same for this year, is as follows:

a. Cost of bus — state purchasing agent (Dodge, Plymouth, Ford, 20-passenger)		$2,700.00
b. Amortizing same over period of 10 yrs.	$270.00	
c. Interest on investment (ave. for 10 yrs.)	70.00	
d. Salary of bus operator	500.00	
e. Gas and Oil	200.00	
f. Repairs and maintenance	150.00	
g. Insurance	200.00	
h. Storage at $5.00 per month	60.00	
		$1,450.00
i. Expenditures connected with operating Hadley and Colburn routes	360.00	
Total estimated expenditures connected with operating bus routes	1,810.00	
j. Present contracts	2,100.00	

At the present time 20 pupils are being carried on the Lord and Creighton Routes. The approximate total time consumed, dependent upon the weather, is 60′.

No conclusions have been drawn by the School Board. It is hoped that the school district will discuss the problem and recommend the action to be taken.

Budget

The budget presented for 1950-51, calls for an appropriation of $15,638.60, a net increase of $1943.50 over last year's appropriation. This increase is reflected in the following items: tuitions $1960.00; teachers' salaries $100.00; teach-

ers' retirement $143.00; scholars' supplies $121.00; miscellaneous items as insurance, text books, per capita tax, etc. $117.50.

Certain economies were effected to the extent of $498.00, thus making the net increase less than the increase in tuition alone.

Tuition rates at Peterborough will be $210 and Hancock $200.00 per pupil. The rate at New Boston has long been determined by the state average per pupil cost of education in high schools, as was mentioned last year. This year this figure was $233.70. We have estimated that next year's tuition rate will be approximately $240. It is questionable if this figure will be high enough to meet our obligations. The State averages are not available until later in the year, thus it is difficult to foresee what they will be.

The amount provided for the district's share of the teacher retirement program is based upon 5% of the gross teachers' salaries the preceding year. The School Board has no control over this figure, as it is set by law.

The recommendation of a $100.00 increase in teachers' salaries seems a nominal one. The average salaries for elementary teachers in Francestown is $2450 while that for the State (1949-50) is $2500.

An increase of $121.00 for scholars' supplies is occasioned by the larger classes moving up into the higher grades, thus consuming more materials of instruction and more expensive materials of instruction. Costs of paper, pencils, crayons, etc., remain quite constant.

Special Appropriations

Article 9 requests a deficiency appropriation of $340.27 to pay for emergency expenditures incurred over and above the amount requested in the budget for 1948-49. The 1948-49 budget called for an appropriation of $1764.00 for tuitions. Due to the increase in the number of pupils attending high

school it was necessary to expend $2023.39, an increase of $259.39. The new program of insurance inaugurated in 1948-49 called for an expenditure of $464.87 instead of the $400.00 that was budgeted for this item, an increase of $64.87. During the winter of '48-49 considerable difficulty was experienced with our heating system. It finally resulted in replacing the old burner with a new one at a cost of $78.85 over and above the amount budgeted for minor repairs. Thus, the total averages were $403.11. It was possible to realize certain savings in other items of the budget, reducing the request to cover obligations to $340.27.

I wish to extend my appreciation to the School Board and Citizens of Francestown for the excellent support and cooperation extended to me the past year.

Respectfully submitted,

NEWELL J. PAIRE,

Superintendent of Schools.

FRANCESTOWN IMPROVEMENT SOCIETY

The Society had an active year in 1949, with a colorful Labor Day Carnival very largely attended. The financial results of the Carnival were better than in previous years, enabling the Society to undertake several new projects. The most productive divisions were: The auction which turned in over $200 followed in order by the Town Hall Dance, chances on a braided rug and the White Elephant table, although the refreshments and many other booths contributed importantly to the net total of over $700.

The Parade was a great success with many interesting and amusing floats, as well as a fine showing of horsemen. It was well supported by the active Town organizations. The Peterborough Band entertained with a concert and a magician delighted the young.

At the October meeting appropriations were voted. The major item was $377, to be supplemented by individual gifts, for rebuilding the dam to provide fire protection in the north part of the center of the town, with the Society also responsible for over $100 plus previous expenditures for the standpipe. Seventy dollars was voted to the Library for new books. Fifty-five dollars was allocated for the Historical Rooms. Forty dollars was for upkeep of the Common. The usual $20 for Red Cross and $25 for Community Christmas was voted. It was voted to repaint and reletter the Honor Roll of World War II and mount it at the head of the Library stairs. With other expenses we appropriated all our Carnival proceeds this year and something from reserve. The permanent improvements added were felt to justify this.

We have had excellent support from our members this year. The usefulness of the Society to the Town depends

on everyone taking part. All residents are welcome to join and attend the meetings.
